

TRON GIRLS SHOW

PRICE LIST

Price of the performance depends on the number of used dancers
Our **standard shows** use **5 dancers**

Number of dancers	5+1*
Price in EUR	4300

* +1 means at least one technician has to travel with the dancers.

Hotel and travel cost should be handled by client (you can get usually better prices than we can from here).

We can travel up to 500 km by car.

We usually fly from Vienna or Bratislava but there are possibilities of flying from Budapest Airport.

We can use also more dancers for huge events. Please contact us for price information at: info@troneventagency.com

Standart duration of the show can be from 3 - 5 minutes. We don't recommend to do longer performances, because it might lose the "WOW" effect.

It is possible to prepare custom choreography for your own music. We need about a week to practice and program the show, that's why this service cost is 1000 EUR.

All prices are without 20% Slovak VAT (if applicable).
